LB 536, 94

baby calves under thirty days of age, so I was in error when I made the remarks on the floor of them being sold at the sale. This statement says, "sale or purchase at private treaty of baby calves under thirty days of age," and it also says, "cattle that for educational and exhibition purposes." As long as you want to discuss it on Select File, that will be fine with me. I ask for advancement of the bill.

SPEAKER NICHOL: Any other discussion on the bill? Did you want to close, Senator Haberman? The question is the advancement of LB 536. All those in favor vote aye, opposed nay. Please vote on advancement of the bill. Record, Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: LB 536 is advanced. We have amendments on LB 189 other than the committee amendments so we will pass over that one. LB 94.

CLERK: Mr. President, LB 94 offered by Senator Vickers. (Read title.) The bill was read on January 7, referred to the Urban Affairs Committee, advanced to General File. There are committee amendments pending by the Urban Affairs Committee.

SPEAKER NICHOL: Senator Newell, chairman of the committee, the amendments.

SENATOR NEWELL: Senator Vickers, do you want to take the committee amendments? I haven't. . . .

SPEAKER NICHOL: Senator Vickers, would you help us out here a moment.

SENATOR VICKERS: Mr. President, members, Senator Newell really has turned over a new leaf. The committee amendments are basically technical in nature. The bill as drafted used the word "exemption." In actuality it is a deferral and not an exemption of the charges to be paid at a later date and the committee amendments simply make the change throughout the bill where it says "exemption", changes that language to a deferral and those are the committee amendments.

SPEAKER NICHOL: Any further conversation on the committee amendments? If not, the question is, shall the committee amendments be adopted. In favor vote aye, opposed nay.
